### General Information

|                      |                                     |
|----------------------|-------------------------------------|
| Supplier             | YAGEO                               |
| Series               | RC_P                                |
| Style                | SMD Chip                            |
| Description          | Lead-Free Thick Film Chip Resistors |
| RoHS                 | Yes                                 |
| Termination          | Tin                                 |
| Case Code (EIA / mm) | 1206 / 3216                         |

### Specifications

|                      |                                                                                                               |
|----------------------|---------------------------------------------------------------------------------------------------------------|
| Resistance           | 5.1 Ohms                                                                                                      |
| Resistance Tolerance | 5%                                                                                                            |
| Power                | 0.25 W (70C)                                                                                                  |
| Temp. Coefficient    | -/+300 ppm/C                                                                                                  |
| Temperature Range    | -55/+155°C                                                                                                    |
| Voltage DC           | 200 V (Max Continuous Voltage at Full Rated Power), 400 Max Over Voltage, 500 Dielectric Withstanding Voltage |

### Dimensions

|    |                 |
|----|-----------------|
| L  | 3.1mm +/-0.1mm  |
| W  | 1.6mm +/-0.1mm  |
| T  | 0.55mm +/-0.1mm |
| B1 | 0.45mm +/-0.2mm |
| B2 | 0.45mm +/-0.2mm |

### Packaging Specifications

|           |            |
|-----------|------------|
| Packaging | T&R, 178mm |
|-----------|------------|
